A MORNING OF HOPE & POSSIBILITY

Join business and community leaders for an inspiring breakfast celebrating the women whose lives have been transformed through Live & Learn.

Funds raised directly support education, career training, and wraparound services for women rebuilding their lives after hardship and trauma, helping them achieve lasting stability and independence.

YOUR IMPACT

Every sponsorship fuels lasting change: education completed, careers launched, children inspired, and communities strengthened.

Your organization's investment helps women turn hope into stability – and stability into legacy.

About Us

Empowering Women.
Transforming Futures.

Live & Learn helps women move from hardship to stability through education, career support, and community connection. Our three-pillar model — inner strength, financial stability, and social connection — empowers women to create lasting change. Partnering with us means investing in women who uplift their families and strengthen the communities we all share.

OUR VISION

A future where every Arizona woman has the power, education, and opportunity to shape her own story — on her own terms.

OUR MISSION

To empower Arizona women by providing access to education, resources, and opportunities that foster financial independence, personal growth, and long-term stability — breaking generational barriers and building pathways to a future of choice and possibility.

From Surviving to Thriving

A Live & Learn Success Story: Niezerra Peete

There is something remarkable about the progress that can happen when determination is met with time, opportunity, and support. Our client, Niezerra Peete, is a powerful example of that journey.

Niezerra Peete first walked through the doors of Live & Learn in 2024. As a single mother of four children, she had recently moved to a new state and was navigating the challenges that come with starting over. Taking that first step into an unfamiliar space required tremendous courage, and she arrived with a clear, singular goal: earning her GED.

Through her participation in the Live & Learn Academy, Niezerra Peete received consistent support through monthly action plan meetings, educational workshops, and individualized coaching. Along the way, she demonstrated independence and initiative by actively seeking out community resources and opportunities to advance her goals. Live & Learn also helped remove barriers to success by providing transportation assistance and a laptop through the Laptops4Learning program.

Today, Niezerra Peete has far exceeded the goals she originally set for herself. Her Client Coordinator even submitted a letter of recommendation to support her acceptance into the Adult ACE Program, a small gesture that reflects the deep investment our team makes in each client's future. Niezerra Peete now balances her studies at Grand Canyon University, her role at Abrazo Arrowhead Hospital, and the daily responsibilities of raising four children.

Niezerra Peete's journey continues to inspire those around her and stands as a powerful reminder of why this work matters. **When individuals who are committed to change are given the right tools and the right support, the results speak for themselves and for their families.**
